

### Compact design for easy manoeuvrability

The SR 1450 is a small and compact machine, fully hydraulically driven. The machine is ideal for work in congested and tight-space areas. The dust-free sweeping system is ideal for indoor and outdoor uses such as warehouses, shopping centres and car parks.

All operations controlled hydraulically from the driver's seat. The dust filtering system is made up of large surface bags (cleaned by means of an electric filter shaker, which only needs to be replaced after several years).

The hydraulically controlled collection bin can be emptied directly into the city waste bins measuring up to 1420 mm high.

### PRODUCT FACTS

Designed to be used both indoors and outdoors  
Ideal for limited spaces and handy in tight areas  
The hydrostatic drive is controlled by a single pedal  
No tools are necessary to replace the broom  
Machines come with right side brush and PPL brushes, but without battery and charger

Model	SR 1450 B	SR 1450 D
Ref. no	13300041	13300042
Description	SR 1450 B RIDE-ON SWEEPER	SR 1450 D RIDE-ON SWEEPER
<b>PRODUCT FEATURES</b>		
ELECTRIC FILTER SHAKER	■	■
RIGHT SIDE BRUSH PPL	■	■
